2 CLOVER BORDER

MATERIALS: Coats Chain-Mercer Crochet Cotton No 20; crochet hook of 1,00 mm. The quantity of yarn depends on length of border to be crocheted.

ABBREVIATIONS: ch - chain; dc - double crochet; tr - treble; dtr - double treble; p - picot (= 3 ch, 1 dc in first ch); sp(s) - space(s); lp(s) - loop(s); foll - following; gp - group; rep - repeat; cont - continue; beg - begin(ning); st(s) - stitch(es); sl.st - slip-stitch.

INSTRUCTIONS: The border consists of leaves and stars which are worked separately and joined in the last round.

FOUR-LEAF: Begin with 19 ch.

1st row: Beg in 4th st from hook and work 15 dc, 3 dc in last st, cont across second side of begin-ch, insert hook in the free lp of each begin-ch, 13 dc, 3 turning-ch.

2nd row: Miss first dc and work only in back loop of sts: 13 dc, 3 dc in next st, 14 dc, 3 turning-ch.

3rd row: Miss first dc, 14 dc, 3 dc in next st, 12 dc, 3 turning-ch.

9th row: Miss first dc, 11 dc, 3 dc in next st, 10 dc, 3 ch, 1 sl.st in next st. Cut yarn and finish off.

Work a second leaf and join this to first one during working of last round at the 8th, 9th, 10th and 11th dc in corresponding sts of first leaf. Make 2 more leaves and join these to make a four-leaf.

Now work all around the outer edge of four-leaf as follows:

1 dc in next sp, 1 ch, 1 p, 1 ch, 1 dc in next sp, 3 ch, rep from ** to **, and in sp at top of leaf work (1 dc, 3 ch, 1 dc).

Continue thus across other side of leaf and work 3 ch between 2 leaves; continue and finish border with a sl.st. Cut yarn and finish off. Make a second four-leaf and join this to first one at the tops of 2 leaves, as follows: After the dc at top of leaf work 7 ch, 1 sl.st into lp at top of leaf of first four-leaf,

turn work, 10 dc into 7-ch-lp just made. When the required number of four-leaves has been completed the same number of trefoils has to be made.

TREFOIL: Work 3 leaves and join as has been explained for four-leaf. Work around trefoil as for four-leaf, on 6 sides of the 3 leaves. At the other side, where there is one more leaf at the four-leaf, work after the dc in the last lp: (3 ch, 1 dc in 3rd foll dc) 3 times, 1 ch, 1 p, 1 ch, 1 dc in first dc of 2nd foll leaf.

Continue in this way across the other side and close with a sl.st. Join the separate leaves of the trefoil in the same way as those of the four-leaf.

Now make the stars for joining and filling of the 2 strips.

STAR: Beginning round: 15 ch, join with sl.st to form a ring.

1st round: 36 dc into ring, close with sl.st into first dc of round.

2nd round: *1 tr (the first tr is always substituted by 3 ch), 2 ch, miss 1 st*; repeat, close with sl.st in 3rd begin-ch.

3rd round: 1 dc in next tr (closing-tr), *3 ch, 1 tr in next tr, **3 ch, 1 dc in just made tr**, rep from ** to ** 3 times, 3 ch, 1 dc in next tr*, rep from * to * close with 1 sl.st into first dc of round, cut yarn and finish off.

First complete the four-leaf strip by joining the stars between the leaves; the stars are joined to the central p of the 3-p-gp.

Join the first star (to the right of four-leaf below) by 3 consecutive sts, namely to 2nd lp (without p) at top at right-hand side, in lp between the 2 leaves, and in lp without p of next leaf.

Join the star on the right-hand side at the top in the same manner.

Join the third star (at top of left side of four-leaf) with 10 ch, 1 sl.st into lp immediately after the point of horizontal leaf; work 19 dc into the 10-ch-lp just made (this forms a joining-bar), join star also to corresponding points at right side of four-leaf. Now join the fourth star according to pattern at bottom left of four-leaf. Join the 5th star (2nd four-leaf below right) with a bar of dc across ch as explained. While working the dc on the 10-ch-bar, for the central st insert hook into joining-bar of 4th star. Work all joins in this manner. See photo for placing of the other stars and join them to each other and to strips as explained.

When the stars and leaf strips are completed, work at the straight side as follows:

1st row: 1 dtr into sp of first leaf immediately after the point *(5 ch, 1 tr in 2nd sp) 3 times, 5 ch, 1 dtr on p between the 3 leaves, (5 ch, 1 tr in 2nd sp) 3 times; to make a joining-bar, work 19 ch, sl.st into 5th of these 19 ch, work into 14-ch ring just formed 7 dc, 1 sl.st but insert hook into central st of bar between leaves just below the one you are working on, another 7 dc into the 14-ch-ring*; rep from * to * to end.

2nd round: *1 tr, 3 ch, miss 3 sts*; rep to end.

3rd round: *3 tr in next sp, 4 ch, miss 1 sp*; rep to end.

BALL (To attach to point of leaves and star motif): 2 ch, work 15 dc into the first ch, pull stitch tight and tie up starting-thread. Work

2 rounds of dc, fill up with a little cotton wool, cont in dc, dec every few sts and after a few more rounds pull up the 7 or 8 remaining sts. Now work 3 ch, join with a sl.st, 3 ch, cut yarn and fasten off the little ball.

4 GRAPE BORDER

MATERIALS: Coats Chain-Mercer Crochet Cotton No 20, the quantity depends on length of border to be made; crochet hook of 1,00mm.

DIAGRAM DRIUWERAND / GRAPE BORDER

Foto op bl. 3.

ABBREVIATIONS: *ch* – chain; *dc* – double crochet; *tr* – treble; *dtr* – double treble; *p* – picot (= 3ch, 1dc in first ch); *sp(s)* – space(s); *lp(s)* – loop(s); *fol* – following; *gp* – group; *rep* – repeat; *sl.st* – slip-stitch; *beg* – beginning.

INSTRUCTIONS: The border consists of bunches of grapes and leaves which are joined to a straight open work border.

BUNCH OF GRAPES: Every bunch consists of 10 grapes which are crocheted separately. Every grape eventually consists of 24dtr in a ring and they are worked consecutively without cutting the yarn. To be able to do this, every grape is made in sections, joining it to another partially made one, and so on — when working in opposite direction they are being completed as the bunch grows.

Note that 4ch always replace the first dtr at beginning of a round and that every grape, apart from the first one, starts with "12ch, sl.st into 7th ch from hook to form a ring."

1st row — 4 grapes: 6ch, sl.st into first st to form a ring, 12dtr into ring — half a grape completed.

2nd and 3rd grape: (12ch, sl.st into 7th st from hook, 12dtr into ring) twice.

4th grape: 24dtr into ring, close with a sl.st around the point where the 12ch begin, and into the 4 begin-ch; (complete next grape with 12dtr, strengthen with sl.st) twice — 3rd and 2nd grape are completed herewith. Now work 4dtr only into first grape and turn the work.

2nd row — 3 grapes: 4dtr for 5th grape, join to 4th st of 2nd grape in first row, another 4dtr into 5th grape; 4dtr of 6th grape, join to foll 4th st of 2nd grape, another 4dtr of 6th grape, join to 4th st of 3rd grape, another 4dtr of 6th grape, begin 7th grape with 4dtr, join to 8th st of 3rd grape, another 4dtr into 7th grape, join to 4th st of 4th grape, 16dtr to complete 7th grape; now complete 6th grape with 12dtr; work 4dtr into 5th grape.

3rd row — 2 grapes: Begin 8th grape with 4dtr, join to 4th st of 6th grape, another 4dtr in 8th grape, work 4dtr of 9th grape, join to 8th st of 6th grape, another 4dtr in 9th grape, join to 4th dtr of 7th grape, 16dtr to complete 9th grape, then another 4dtr into 8th grape.

10th grape: 4dtr, join to 4th dtr of 9th grape, another 20dtr to complete 10th grape; reinforce join and complete 8th grape with 12dtr; reinforce join and complete 5th grape with 12dtr; reinforce join and complete first grape with 8dtr.

LEAF: Make 25ch, * start in 2nd st from hook, work 21dc, 1 turning-ch; cont in back lp of every st only: 21dc, 3ch, turn *; rep from * to * 5 times, finish with 1ch, turn; * 21dc, 2dc in 3rd round below, that is, the central ridge of leaf, 1ch, turn, 21dc, 1ch, turn *; rep from * to * 4 times, 21dc, 2dc in beg-ch. This completes the first leaf.

Turn. * 4ch, miss 4sts, 1dc *; rep from * to * 3 times, 9ch. Now begin again from first * and complete another 2 leaves.

To join bunches and leaves, work as follows: Start at edge of first row of bunch, 5ch, ** (1tr, 3ch, 1tr) on first grape, 5ch **;

rep from ** to ** for next 2 grapes, and 3 times for last grape. Work in reverse order across other side of bunch and join a group of leaves after last 5ch. Turn work around.

Work 7dc across 5ch, 4dc in sp between tr, 3dc, 3ch, 3dc in next 5-ch-sp, 2dc in next sp, 5ch, 1 sl.st in second "tooth" of leaf, turn, 7dc in just made lp, 2dc in the same 3-ch-sp.

Continue with (3dc, 3ch, 3dc) in each 5-ch-sp, and (2dc, 3ch, 2dc) in each 3-ch-sp until tip of bunch of grapes.

Continue in reverse order across next edge, cut yarn and finish off.

Join all the bunches and leaves in this way and complete border at straight edge as follows:

1st row: (1tr, 2ch) to end.

2nd row: * 7ch, miss 1 sp, 1dc in next sp *; rep to end.

3rd row: 11dc in every 7-ch-sp to end.

4th row: sl.st to central st of next lp, 1dc, * 7ch, 1dc in central st of next lp *; rep to end.

5th row: 6dc, 3ch, 6dc in every 7-ch-sp to end.

6th row: * 1dc in next 3-ch-sp, 5ch *; rep to end.

7th row: * 1tr, 3ch, miss 3sts *; rep to end.

8th row: 2dc, 3ch, 2dc in every sp to end.

BALL: (to attach to point of each bunch): 2ch, 15dc in first ch. Pull up tight and tie up beginning-thread. Work 2 rows dc, fill with a puff of cotton wool and continue in dc, dec every few sts until 7-8sts remain to pull up. Work 3ch, join with 1 sl.st, 3ch, cut yarn and finish off ball.
